Tom,

This is to inform you that due to a sever economic downturn, Delta Minerals, Inc. is in the process of scaling down their operations and returning the majority of the mining equipment to the vendors. A small skeletal operation will remain in place for the immediate future, but it is unclear whether or not the mining company will be viable in the long term. We request that you withdraw the Large Mining Operation paperwork that we submitted last year as we have no current plans on moving to an LMO. The current contact is:

David Peterson

If you have any questions, please feel free to contact me.

Best regards,

David Peterson
